Forest Service Extends Comment Period for MVP Surveying

The Jefferson National Forest (JNF) has announced that the comment period for the Mountain Valley Pipeline’s request to survey has been extended until April 17, 2015. The deadline had been April 2.

In a press release issued March 31, the JNF stated:

“The Forest Service is extending the comment period on surveying two additional areas for the proposed Mountain Valley Pipeline. The two additional areas include a 5.3-mile segment and a 6.2-mile segment, crossing the Jefferson National Forest in Craig, Montgomery, and Roanoke counties, Virginia and Monroe County, West Virginia. Comments are now being accepted through Friday, April 17, 2015. Comments should focus on concerns about surveying on the national forest.”

Continuing, the statement said:

“Granting this extension will give citizens of Craig, Montgomery, Roanoke, and Monroe counties opportunities to discuss these alternative routes with Mountain Valley Pipeline, LLC prior to submitting comments on the survey to the Forest Service.”

Comments should be sent to:
